S.W.O.T. ANALYSIS

Strengths

1. Donors in the Church are willing to give resources for the 'Give Away' Project
2. Members of the Church are willing to help in the distribution of dry food items to the public

Weaknesses

1. We don't have resources contributed ahead of time so that procurement of items can be guaranteed
2. We need to have a storage for the food items where we can also package them ahead of the event

Opportunities

1. Residential Projects which are residential hubs for the poor are distribution points
2. Main Street of communities usually have crowds to who items could be given

Threats

As a result of the coronavirus pandemic and recent spikes in the rates, States are constantly changing the rules of public gathering and interaction

FEASIBILITY STUDY

“Then Moses sent them to spy out the land of Canaan, and said to them, “Go up this *way* into the South, and go up to the mountains,¹⁸ and see what the land is like: whether the people who dwell in it are strong or weak, few or many; ¹⁹ whether the land they dwell in is good or bad; whether the cities they inhabit are like camps or strongholds; ²⁰ whether the land is rich or poor; and whether there are forests there or not. Be of good courage. And bring some of the fruit of the land.” Now the time *was* the season of the first ripe grapes.”
